

## Assessment Requirements for ICTICT527 Develop and maintain blockchain solutions

Release: 1

# Assessment Requirements for ICTICT527 Develop and maintain blockchain solutions

#### **Modification History**

Release	Comments
Release 1	This version first released with ICT Information and Communications Technology Training Package Version 6.0.

#### **Performance Evidence**

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

 develop, implement and maintain a blockchain solution aligned to a specific organisational criterion.

In the course of the above, the candidate must:

research and identify industry standard technology options.

### **Knowledge Evidence**

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- underlying blockchain principles applicable to developing and maintaining solutions
- objectives, purpose and requirements of blockchain solutions
- suitability of blockchain different transaction and data types
- transactional types and components suitable for blockchain technology
- techniques to debug, scale and test blockchain solutions
- capabilities and purpose of blockchain technology
- industry standard uses for applications.

#### **Assessment Conditions**

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- industry standard software to access internet and web delivered information
- industry standard hardware to access internet and web delivered information

Approved Page 2 of 3

- client deliverables that assist in information gathering
- platforms providing distributed ledger applications
- blockchain best practice guidelines.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
